

MALAYA - FEDERATED MALAY STATES Postage Due Stamps

It is uncertain whether the postage due stamp design for the Federated Malay States was designed by employees of De La Rue or of Waterlow & Sons of London. The photographic essay below on card of 13th May 1920 (marked *Dupl.*) was lot 1367 in the DLR archive sale of 23 November 1976 which suggests that it was by De La Rue.

Ex De La Rue (1976) and Reeve (2008)

Irrespective of who the designer was, the basic design, the Printer (Waterlow & Sons), and the printing method (Typography) was all used for the postage due stamps listed of the territories listed below prior to second world war.

MALAYA - FEDERATED MALAY STATES Postage Due Stamps - December 1924

The first postage due stamps of the Federated Malay States were printed in mid 1924 and made available for use as from 1st December 1924 in the same denominations as the Straits Settlements postage due stamps of 1 cent, 2 cents, 8 cents, 10 cents and 12 cents issued earlier in the same year. The first two denominations were mainly meant as make up values although the 2 cents could be used for double the deficiency of one cent on local letters. The 8 cents value was initially the UPU equal of the 30 centimes minimum charge for international underpaid mail under the Madrid UPU treaty of 1920. The 10 cents value was the Empire unpaid rate while the 12 cents value was the highest value for part use on unpaid or underpaid foreign items.

The Crown Agents requisition of May 1924 was for numbers initially varied between 300 sheets (which is 30,000 stamps) and 6,000 sheets (which is 600,000 stamps). All the printings of the stamps were in sheets of 100 stamps (two panes of 50 with an interpanneau separation) with narrow jubilee lines all around and without plate numbers.

The 4 cents value was only introduced in early 1926 following the reduction in the minimum charge for foreign items from 8 cents to 4 cents (or 10 centimes in UPU terms) from October 1925 under the Stockholm UPU treaty of 1924.

Early printings had the watermark pointing left, later printings including all those of the 4 cents had the watermark pointing right and examples of both watermarks are shown above.

MALAYA - FEDERATED MALAY STATES

1 Cent Postage Due Stamp

Issued - 1 December 1924 **Replaced** - after April 1938
Watermark Multiple Script CA sideways pointing left. P14
